

Zad 2

Ze względu na błędy w geometrii:

Długość linii kolejowych dla regionu Matanuska-Susitna: 880924

Liczba lotnisk o charakterze militarnym: 8.

Średnia wysokość nad poziomem morza takich lotnisk: 593,25

Jedno lotnisko o charakterze militarnym jest położone powyżej 1400 m n.p.m.

W regionie Bristol Bay znajduje się 11 budynków.

Wewnątrz buforu znajduje się 11 budynków.

Rzeki (majrivers) przecinają się z liniami kolejowymi (railroads) w 8 miejsach. '

Miejsca w odległości nie większej niż 100k od lotniska i 50 km od torów:

Kryterium odległości od drogi - max 50 km.

Najlepsze miejsca na hotele:

Zad 10 Przed uproszczeniem geometrii:

Po:

Pole się nie zmieniło, liczba wierzchołków się zmniejszyła.
